

Multiprocessor

A Bibliography on Lisp Systems and Applications

The following is a list of references on Multiprocessor Lisp systems and applications, compiled by Benjamin Zorn (zorn@hecuba.berkeley.edu) with contributions by a number of others. It is currently maintained by Benjamin Zorn and TANAKA Tomoyuki (tanakat@jpntscvm.bitnet). Since it is preliminary, suggestions and additions are welcome. They should be sent to Zorn and Tanaka.

(This output was produced by TANAKA Tomoyuki on March 3, 1988.)
